I have no clue how to attach a picture, but here is a link to a Charlie Parker Omnibook is a compilation of transcriptions of compositions and improvised solos by jazz saxophonist Charlie Parker. As far as I know, this is the only book that you'll find in print that includes a large number of solos played by Parker. Prior to this book, not many people had heard any of Parker's solos in real time, so it was a big treat for his fans. Also included is a comprehensive biography of Parker, along with discography of his recordings and such. This book is also a training tool for saxophone players who want to study more technically. In this book, you will find original melody, lyrics, chords and chord progressions. You can also play along as you study and practice. WRG was the leading bidder at 39p per share, but Centrica shareholders voted against the recommendation of its Independent Monitor that WRG take the transaction forward and rejected the offer instead. SSE Group's Unitholders' Council said that the company would ask shareholders to accept the WRG offer of 41.5p per share, with an agreement on numbers to make the offer even before the final valuation for the transaction was accepted. SSE said it planned to make a final proposal to shareholders by the end of May to increase the offer to 47.5p per share for WRG, the only other bidders in the race to EMGS. SSE also said it planned to retain its majority interest in the East Midlands Storage Area (EMSA) and its assets in Scotland, Wales and Northern Ireland.
